

# Shalabolinskaya Pisanitsa. Area 4a. Area 4a. Panel 2

## Description

On the narrow long panel, there is a multi-figured composition with various animals, predominantly, mooses. Some of the figures are made partially (we can see only front or hind parts of the animals). A central zoomorphic figure with a highlighted hump is of particular interest. It is silhouette and made with dense pecking. Also the panel has some single pecked spots of a round shape.
