

Shalabolinskaya Pisanitsa. Area 2a. Area 2a. Panel 1

Description

On the panel, there is a contour image of a deer. The animal is turned right. We can see a massive body with a small hump, and limb lines down. The head and the neck of the animal are silhouette. We can also see horns.

Technical description

The surface is badly damaged with erosion processes. Crumbling of the rock crust is noticed. The image is badly seen due to such surface condition.

The plane is in disrepair. It requires taking urgent conservation measures.
