

Kalbak-Tash. Panel 8

Description

The panel has a series of images of goats. Figures of animals are turned to the right, made with pecking and shown in silhouette. They all have large, turned-back horns. In the upper part of the panel there is another figure of the animal which differs from the others.

Technical description

The sizes of the panel are 0.3 x 0.4 m. The surface is damaged due to erosion processes.

Method

Retouch
